

## Plans for a second term for the Bradford Business Improvement District

# INFORMATION SHEET 7

## BID ballot approaching!

### Update

Following the previous six information sheets regarding the proposed renewal of the Bradford BID, here is an update on the latest progress with the project.

### BID ballot period

Following the launch of the BID Business Plan – which took place on 6th July and which is available to view at [www.bradfordbid.co.uk/ballot-2023/](http://www.bradfordbid.co.uk/ballot-2023/) – the project is now about to enter into the ballot period, where businesses and organisations are invited to vote on the proposals.

### How the ballot works

Almost 570 business listings within the proposed area for a renewed BID will receive both notifications of the ballot and, subsequently, ballot packs. The notification letters will include a copy of the BID Business Plan and the ballot packs will each contain a purple coloured voting paper and a pre-paid reply envelope. All votes need to be returned (in individual envelopes for businesses with more than one vote) via any post box.

## A reminder of the ballot dates

The following are the main remaining project milestones from this point:

17th August 2023	Latest date by which businesses are given formal notice of the BID renewal, which will include a copy of the Business Plan
31st August 2023	Latest date by which ballot papers will be issued to businesses, along with pre-paid reply envelopes
28th September 2023	All votes to be received by 5pm on this date to be counted
29th September 2023	Ballot result announced

## Where you can get further information

If you have any queries at all regarding the BID ballot process, we urge you to get in touch with us via the details shown below:
